FACILITIES AND EQUIPMENT MANAGER 03-17-16

The Facilities & Equipment Manager maintains all Fire District facilities, grounds and associated equipment to ensure effective and efficient operations within the District

1003.17.1

DUTIES AND RESPONSIBILITIES

The Facilities & Equipment Manager has the responsibility for the upkeep of all Fire District grounds/facilities and related equipment. The Facilities and Equipment Manager shall work under the direct supervision of the Administrative Deputy Chief.

- a. Conducts an ongoing program of general maintenance, upkeep, and repair.
- b. Examines buildings on a regular basis for needed repairs, maintenance, and cleanliness.
- c. Establishes and recommends, in cooperation with administration, priorities on repair projects and estimates the cost of these projects.
- d. Plans and oversees all maintenance and repair work on all District facilities and related equipment and develops an efficient system for dealing with emergency repair problems.
- e. Performs maintenance and emergency repairs as required.
- f. Orders materials and supplies, makes recommendations of supplies and equipment for purchase, and maintains necessary inventories.
- g. Consults with supervisor regarding the establishment of a regular preventative maintenance program.
- h. Performs/assists in the removal of snow and ice from building walkways and steps;
- i. May perform general lawn/landscaping duties including but not limited to: mowing, tree trimming, landscape maintenance and improvements.
- j. Assists in remodeling and renovation work.
- k. Cleans and maintains all major facility equipment (where applicable).
- l. Is responsible for maintaining (or directing to maintain) facility heating, ventilating and air conditioning systems
- m. Supervises and/or participates in necessary painting and general repairs to plumbing, electrical, carpentry, windows, and general mechanical areas.
- n. Acts as Project Coordinator/general contractor for all large building maintenance/improvement projects.
- o. Project management to include developing and issuing RFP's for large projects, the formal bid process, contract preparation and contractor compliance meeting all applicable rules and regulations; meets with professional engineers, architects and contractors for pre-design information relating to capital improvements and the rehab and modernization of all Fire District facilities and grounds.
- p. Administers a computerized preventative maintenance and mobile work order management system; acts on work orders, reviews completed work orders.
- q. Reads and interprets blueprints and building plans where applicable.
- r. Prepares oral and written technical and statistical reports.
- s. Inspects work by external contract staff and contractors/vendors, both in progress and upon completion (where applicable).

- t. Assists with the development of and provides updates for procedures and guidance pertaining to maintenance and grounds and capital improvement project management.
- u. Performs additional duties as required by the Deputy Chiefs and/or Fire Chief.

The above list of duties is intended to be illustrative and not all-inclusive. The District reserves the right to assign additional duties and responsibilities it deems necessary or desirable, as well as take away any duties and responsibilities at its discretion.
